

PHILLY CIA-LEAA POLICE FRAME-UP REVOLUTIONARY YOUTH MOVEMENT LEADER

PHILADELPHIA--FEBRUARY 24, 1974-- In another attempt to stop Revolutionary Youth Movement (RYM) organizing, CIA/LEAA youth organizers and their operatives in the police and court system selected a key gang member working with RYM for arrest and frame-up. Tyrone Anderson, known as Sin, is being held for \$100,000 bail on charges of rape, robbery, kidnapping and indecent exposure.

Sin had been working with RYM in Philadelphia for six months, organizing gang members out of street fighting and around RYM's program. Along with others from his "corner", Sin marched to a US Labor Party rally at Blumberg Housing Project last October. Soon after the march, two plainclothesmen from the Juvenile Detectives Division threatened Sin and his younger brother, Scooty..."If we see you again with RYM, we'll bust you." Two weeks before the incident for which Sin was arrested these same plainclothesmen told Sin- "We'd rather have you fighting out in the street than working with RYM." At the same time, the Redner gang who work with Safe Streets, Inc., the LEAA-group that specializes in (attitudinal) training, and the Valley, a police-controlled gang, were pressuring Sin to break up his gang in order to neutralize their potential.

The arrest occurred February 8, 1974, the day after Sin returned from a weeks stay in New York city at a RYM meeting. Police raided the Anderson house, breaking down the front and back doors, heading straight for the basement, where they arrested Sin and Scooty. The timing of the arrest and the certainty of the police in locating Sin indicates close police surveillance and illegal wiretapping.

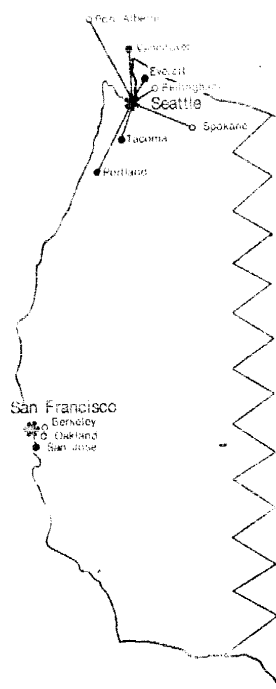

The National Caucus of Labor Committees (NCLC) and RYM will defend Sin by exposing this latest CIA/LEAA frame-up nationally and by expanding our organizing of ghetto youth into RYM. RYM ORGANIZING IS THE ONLY FORCE THAT STANDS IN THE WAY OF THE CIA/LEAA PSYCHOLOGICAL WARFARE PLAN TO CONTROL GHETTO YOUTH THROUGH BEHAVIOR MODIFICATION AND TO STAGE RACE RIOTS CALCULATED TO CAUSE TERROR AND PREPARE THE POPULATION TO ACCEPT A MILITARY COUP.

The next preliminary hearing date in Sin's case is March 6 at 9:30 AM at 17th and Montgomery. The hearing was continued to the maximum limit because of the non-appearance of the state's only witness. Confidentially the arresting officer, Detective Girard, told Sin's lawyer that the reason for the non-appearance of the witness was to allow more time for investigation. Obviously after the nationwide propaganda being put out on this frame-up the CIA/LEAA is hesitating to find out what response there is before pushing further.

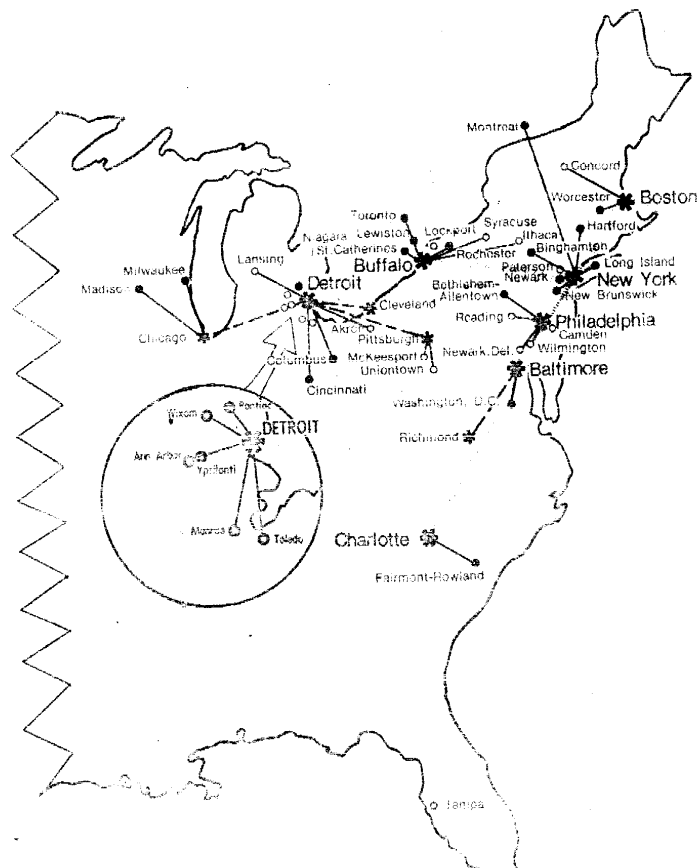

Although Sin's bail was reduced from a preliminary hearing, this sum still amounts to an impossible ransom. Everyone in the courtroom, including Judge Murphy, was aware of the vicious game such a figure represents. All the other youths, including one with the same charges who is also an adult, have been released without bail.

KICK LEAA OUT OF THE GHETTO
BRING THE CRIMINALS TO TRIAL
WORKING PEOPLE, STUDENTS, GHETTO UNEMPLOYED, YOUTH!

Temple University, the capitalist monster of North Philadelphia, has gobbled up thousands of homes — spewing people out into the streets.

Today, Temple's "social scientists" are eating you alive — by creating and implementing programs which destroy your mind.

Temple's School of Social Administration, funded by the CIA's Law Enforcement Assistance Administration (LEAA), train the community cops who set up the ghetto to police itself to destruction. LEAA is organizing gang youth to terrorize the community in order to justify police enforced slave labor!

Temple's Dr. Joseph Wolpe created the brainwashing and torture drug program designed to destroy all resistance to slave-zombie labor.

As part of a national effort, the NCLC, NU-WRO, and RYM are organizing to kick the LEAA out of the ghetto and to bring the Nazi doctors to trial!

Here is the evidence! Organize around it!

From the age of two until the time you are laid-off, Temple makes sure you accept the depression.

—Temple psychological consultants teach Queen Lane welfare mothers how to recognize a "psychotic," i.e. "alive" child and where to send him for de-sensitization.

—Professor John F. McBraerarty trains elementary school teachers in "behavior modification" of your children, i.e. how to turn them into zombie like rats.

—Temple's Hartranft Corporation's No. Central Mental Health Clinic dispenses prolixin and other "de-sensitizing" drugs to masses of "anxiety-ridden" ghetto residents, using Professor Shagass's "psycho-pharmacology" recipes.

—Wolpe's Temple Hospital psychiatrists administer electro-shock "therapy" to change undesirable attitudes and behavior.

—Sociology Professor Michael Lalli uses his \$400,000 LEAA grant to get psychological profiles on gang youth and their families, channeling them into Temple's brainwashing operations and slave labor programs. He decides which gang member should be killed, coopted, imprisoned or brainwashed!

—Other "industrial psychologists" take care of speeding up workers in methadone maintenance programs.

—Professor Elish uses his funds to step up the herding of welfare mothers into WIN slave labor.

Help bring these criminals to trial.

Hundreds of trade unionists, unemployed, and gang members are joining with the Labor Committees to shut these brainwashing operations down. The CIA has declared a state of war on the working class. The only thing standing between you and the CIA's programs of slave labor and human destruction is rapidly expanding political organizing of the North American Unemployed and Welfare Rights Organization.
